Software Engineer

Phone: +91-9118358910 — Email: rd1538350@gmail.com — LinkedIn: linkedin.com/in/rishabh-dwivedi

Professional Summary

Enthusiastic Software Engineer (Fresher) with hands-on experience in frontend and backend development. Proficient in HTML, CSS, JavaScript, React.js, and Python frameworks including Flask and Django. Experienced in RESTful APIs, database management, and data visualization using Power BI.

Technical Skills

Languages: Python, JavaScript (ES6+), C++, SQL

Frontend: HTML5, CSS3, React.js

Frameworks & Tools: Flask, Django, Git, GitHub

Databases: MySQL, PostgreSQL, SQLite, MongoDB

Concepts: REST APIs, OOP, Data Structures, Debugging

Experience

Software Engineer Intern – Data Analytics (Remote)

October 2025

Tools: Python, SQL, Power BI, Excel

- Automated data cleaning and processing for datasets exceeding 100,000 records.
- Built Power BI dashboards integrated with Excel reports, reducing manual effort by 40%.
- Designed interactive KPI dashboards for performance and trend analysis.
- Collaborated with analysts and managers to validate business metrics.

Projects

Corporate Office Management System

2025

Tech: React, HTML, CSS, JavaScript, Flask, MySQL/SQLite, JWT

- Developed a full-stack system to streamline corporate internal operations.
- Implemented JWT-based authentication with role-based access control.
- Built interactive dashboards for employee and performance tracking.

TaskHive – Task & Team Collaboration Platform

2025

Tech: React, JavaScript, Django REST Framework, MongoDB

- Created a task management and collaboration platform.
- Implemented task assignment, status tracking, and team permissions.
- Developed scalable REST APIs using Django REST Framework.

Certifications

Deloitte – Data Analytics Job Simulation

October 2025

- Completed hands-on tasks in Data Analysis and Forensic Technology.

Education

Bachelor of Technology (Ongoing)

Dr. APJ Abdul Kalam Technical University, Lucknow
